

Science

In science we are going to be thinking about 'Animals including Humans'.

History

Our history focus will be about a famous person called 'Florence Nightingale' and after half term we will be researching an historic event 'Remembrance Day'.

Geography

This term our Geography focus will be 'Our School and Local Area'. We will be looking at making local and global maps and making a key for our maps.

Other subjects

RE

Children will be thinking about Belonging, Harvest, Life and Christams.

Computing

Researching information using the internet/Introducing Powerpoint.

Design and Technology

Our focus will be designing, making and evaluating a Pizza.

Music

Children will listen to music, use musical instruments and compose their own music.

**Autumn Term
2020**

Dear Parents/Carers

Welcome to Year 2, we hope everyone enjoyed their summer break.

The topic we will be covering this half term is called 'Me inside out'. Please find enclosed further details of subjects that we will be covering during this term.

If you have any questions please don't hesitate to pop in and see us.

Regards

Mrs Compson-Lea

Mrs Spreadborough & Mrs Angell

School Website

We have a very successful school website which is a great place for parents to find information about the school and upcoming events and it is also a valuable resource full of links to educational games and activities for the children. We regularly update our class pages with photos and comments about what your child has been doing in school as well as posting information about topics we are covering.

www.st-laurenceprimary.com

Literacy

In literacy our narrative work will be focused on fiction books where the children will focus on writing stories about characters and writing a report about owls.

We will also continue with phonics, SPAG, reading activities and handwriting practice.

Reading and Spellings

Your child will have a reading book to keep in school for the week. It will be changed on a Friday and ready for Monday morning.

Although these books will be kept in school, we would like your child to read with an adult at home. There is a lovely selection of free ebooks at <https://www.oxfordowl.co.uk/>

I have created a class login for you (click on 'My class Login' at the top of the screen).

My Class name: KS1SCL
Password: Summer1234

Your child will bring home spellings to learn, these words will not only aid their reading but it is a step towards them also spelling these words in independent writing. Spellings will come home on a Friday and a spelling test on the following Friday.

Numeracy

Numeracy this term will see us focusing on a variety of subjects including number, addition and subtraction: bridging 10. In addition to the daily lessons we will be carrying out various other numeracy activities including mental maths, multiplication practice, Start of Day Activities which call for children to use a variety of numeracy skills.

We will also be looking at our 2, 5 and 10 x table club and number bond club. If you could continue to support your child in practicing these skills at home that would be brilliant.

P.E Kit, Sweatshirts and Water

Please make sure your child's P.E kit is named and in school on a Thursday morning ready for our P.E session. Your child will come home wearing their P.E kit with their uniform in their P.E bag; please could you make sure their kit is washed and back in school the following Thursday. Each child is allowed to bring a bottle of water to drink throughout the day. It would also be appreciated if all their school clothes could be named as this will save problems after playtime and P.E!
