Responsibilities

The member of SLT team responsible for e-safety is Mrs K. Gilford

The governor responsible for e-safety is Mr R. Duck

The e-safety co-ordinator is Mrs B. Wall

The e-Safety co-ordinator is responsible for leading the e-Safety Committee, delivering staff development and training, recording incidents, reporting any developments and incidents and liaising with the local authority and external agencies to promote e-safety within the college community. He/she may also be required to deliver workshops for parents.

E-Safety Committee

The school safety committee is convened by the e-safety officer. It will meet once per term and will invite a representative of the following groups: SLT, governors, teaching staff, admin staff, parents, pupils.

Internet use and Acceptable Use Policies (AUP's)

All members of the school community will sign an Acceptable Use Policy that is appropriate to their age and role. Examples of the AUPS used can be found in appendix 1.

A copy of the pupil AUP will be sent to parents with a covering letter/reply slip. This can be found in appendix 2

AUP's will be reviewed annually. All AUP's will be stored centrally in case of breaches of the e-safety policy.

The AUP will form part of the first lesson of ICT for each year group.

The Prevent Duty

The prevent duty is the duty in the Counter-Terrorism and Security Act 2015 on specified authorities (Schools) in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism.

The general risks affecting children and young people may vary from area to area, and according to their age. Schools and childcare providers are in an important position to identify risks within a given local context.

Schools and childcare providers should be aware of the increased risk of online radicalisation, as organisations seek to radicalise young people through the use of social media and the internet.

The statutory guidance makes clear the need for schools to ensure that children are safe from terrorist and extremist material when accessing the internet in schools. Schools should ensure that suitable filtering is in place. More generally, schools have an important role in equipping children and young people to stay safe online, both in school and outside. Internet safety will usually be integral to a school's ICT curriculum and can also be embedded in PSHE and SRE. General advice and resources for schools on internet safety are available on the UK Safer Internet Centre website. As with other online risks of harm, all staff need to be aware of the risks posed by the online activity of extremist and terrorist groups.

The prevent duty means that all staff have a duty to be vigilant and where necessary report concerns over use of the internet that includes, for example, the following:

- Internet searches for terms related to extremism
- Visits to extremist websites
- Use of social media to read or post extremist material
- Grooming of individuals

The Prevent duty requires a schools monitoring and filtering systems to be fit for purpose.

Photographs and Video

The use of photographs and videos is popular in teaching and learning and should be encouraged. However, it is important that consent from parents is gained if videos or photos of pupils are going to be used.

If photos/videos are to be used online then names of pupils should not be linked to pupils.

Staff must be fully aware of the consent form responses from parents when considering use of images.

The Consent form used is in appendix 4.

Staff should always use a school camera to capture images and should not use their personal devices.

Photos taken by the school are subject to the Data Protection act.

Photos and videos taken by parents/carers.

Parents and carers are permitted to take photos/videos of their own children in school events. They are requested not to share photos/videos from school events on social networking sites if other pupils appear in the background.

The parental letter concerning AUP's includes a paragraph concerning posting photos on social networking sites (see appendix 2)

Photos for personal use such as those taken by parents/carers are not subject to the Data Protection Act.

Use of e-mails

Pupils and staff should only use e-mail addresses that have been issued by the school and the e-mail system should only be used for school related matters. Pupils and staff are advised to maintain an alternative personal e-mail address for use at home in non-school related matters.

Reporting

All breaches of the e-safety policy need to be recorded in the ICT reporting book that is kept in the general office. The details of the user, date and incident should be reported.

Incidents which may lead to child protection issues need to be passed on to the designated teacher immediately – it is their responsibility to decide on appropriate action not the class teachers.

Incidents which are not child protection issues but may require SLT intervention (eg cyberbullying) should be reported to SLT in the same day.

Allegations involving staff should be reported to the Headteacher. If the allegation is one of abuse then it should be handled according to the DFE document titled 'Dealing with allegations of abuse against teachers and other staff'. If necessary the local authority's LADO should be informed.

Evidence of incidents must be preserved and retained.

The curriculum will cover how pupils should report incidents (eg Ceop button, trusted adult, Childline)
