Little Treasures'

Nursery

Please come and have some cake and drinks with us to celebrate the opening of 'Little Treasures'.

The children in school have re-designed our logo and officially named us 'Little Treasures'.

From Tuesday we will have a brand new uniform which we can't wait to see the children in.

The newspaper will be joining us to celebrate the children's success in designing our new name and logo.

We would like to see as many new and old faces as we can to celebrate with us.

Don't forget to log on to Facebook and like our page 'Little Treasures'

Class 3 WW1 aircraft visit

Class 3 had a fascinating visit to Downton Hall this morning to see the only airworthy Bristol Scout Aeroplane in the world. It has been rebuilt by the grandson of the original pilot who flew it in WW1 and the children were able to see, smell and hear the aircraft with the engine running!

Mrs Mintoft was very impressed by the questions that the children asked and there are definitely some budding aviation engineers. Well done Year 3

Nursery

What a wonderful week we have had back at Nursery and we are all very excited about our new uniform which we can't wait to see the children in next week. We would like to say a huge welcome to Alice and Lucas who have been absolute superstars this week starting at Nursery. During forest school this week, the children have all been busy making dens, we even made one big enough that we could all fit in. The children all enjoyed squeezing in and worked together to make sure they could all fit. We took our mud kitchen to forest school and they have all been making mud pies and cakes, one of them even had sprinkles on the top.

The children have all been busy reading and learning about The Room on the Broom, they have painted some wonderful pictures and done some amazing writing about the story.

Reception - Our visit to the Fire Station

On Tuesday we went to Ludlow Fire station to look around.

The firemen showed us the special uniform and helmet they wear with some of us trying on the helmet, it was very heavy. They talked about the jobs they do and gave us a tour of the fire station. Outside we looked around the fire engine and got to sit inside, it was a long way up!! We even had a go at squirting the huge fire hose reaching the top window of the building....!

Happy Birthday April
