

Friday 10th July 2020

We are busily preparing for the return to school of all our pupils in September: The aim is to make the children as comfortable and happy as we can; ensuring that they are enjoying their learning and being back with their friends. This will give us time to evaluate where they are and provide any additional support when it is needed. However first of all the children have to feel secure and comfortable.

Full details of any necessary arrangements, changes or adjustments to the school day will follow next week but we shall endeavour to keep any adjustments to a minimum whilst keeping everyone safe. Lastly I am very grateful to all my staff for their attitude and professionalism and to you all for your tremendous support over the last few months.

Mr. S. Matthews

Smart Watches

We are aware some children are coming into school wearing , smart watches, especially those with the facility to take photos and record. These are not allowed in school for obvious reasons.

Our Year 6 pupils, that are in school, enjoyed a day out on Wednesday; walking the Priors Halton loop and stopping to partake in an ice cream! They have also had fun creating their version of the Leaning Tower of Pisa.

Next Wednesday they will have an adventure day at Oakerwood to look forward to!

The Leavers hoodies have arrived and these will be given out next week, more details to follow.

Next Wednesday 15th July the Year 1 children that are in will have a teddy bear's picnic in the afternoon.

Weather permitting they will have some fun and games on the school field followed by a picnic which we will provide. The children can come in their own clothes for the whole day and of course can bring a favourite teddy bear to join in the fun!

Our Nursery children that are here will be enjoying a sports day on Wednesday & Thursday followed by a party on Friday. Children can wear sports clothes for sports day and party clothes on Friday!
