Seesaw

Seesaw is a distance learning platform: Teachers set tasks and pupils log in to respond to them. Responses can be typed, drawn, photographs or videos, which allows all pupils to engage with learning away from home. Your child's log in is a QR code (or password) that you can scan (or type in) using a phone, tablet, laptop or PC. We will be trialling this over the next few weeks so do log in and have a go at responding to the task or tasks that may be set. If we do go into lock down again, this will become our primary method of providing learning for your child.

Shropshire Library E-book Service

To ensure that you have enough variety of books for your child to read at home, we have invested in this scheme. Pupils can loan an e-book for two weeks at a time, just like a real library. There are books for all ages on here. For KS2 readers, the books are organised into their book range.

My Maths

As one of the key distance learning tools used during last lock down, you should be familiar with my maths. Your child's login should remain unchanged.

Grammar, Punctuation and Spelling

We are in the process of setting up a school subscription to spag.com, which provides pupils from year 2 – year 6 with the opportunity to practise the skills they have been developing in class. These log ins will be sent home as soon as we are ready to "go live" and again, we encourage you to familiarise yourself with this.
