PLEASE NOTE - ENTRIES IN ADVANCE ONLY.  
NO ENTRIES PERMITTED ON THE DAY.

**So why not get the children involved in this fantastic and unique adventure!**

Following the huge success of our 2017 childrens races, Storm The Castle is again delighted to be adding three junior multi-terrain running events that will allow children a chance to run the same paths as the adult race and finish inside the grounds of Ludlow Castle. If your child is aged between 5-16, would enjoy being a major part of the Storm day and like the opportunity to experience a unique running event in the UK, then look no further.

All races are on closed roads and footpaths using aspects of the Storm The Castle duathlon course for adults. All races will be carefully marshalled and signposted, and escorted by adults. The organisers of Junior Storm have considerable experience of running junior and multi-sport events.

- ▶ Closed road route
- ▶ Finish inside the castle!
- ▶ Race commentary, food & drink, stalls, bouncy castle, face painting
- ▶ Trophies for 1st, 2nd & 3rd boy and girl in each race, plus medal for all finishers
- ▶ Best Attended School Prize
- ▶ Maps of all race routes on our website

Junior Storm is a part of

**SUN 22 APRIL 2018**  
**LUDLOW CASTLE**  
**LUDLOW, SHROPSHIRE**
