

Local Offer for Children with Special Educational Needs and/or Disabilities (SEND)

This document is intended to demonstrate how we support pupils who have a special educational need or disability.

We are a fully inclusive school and strive constantly to ensure that all pupils reach their full potential. All children will receive quality first teaching which includes appropriate differentiation and adjustments. Some pupils will need a form of support which is *“additional to and different from”* that which is normally provided.

The school tracks the progress of all pupils constantly to feed into teaching and learning. If a pupil shows less progress than expected the school will take steps to remedy this. This may be in the form of some equipment, additional support in class or a programme of catch up.

We pay attention to the Local Authority document about placing a pupil on the register of SEN.

Main Areas of Need:	This may include	School Provision:
Speech, Language, Communication and Interaction	Pupils on the Autistic Spectrum (ASD) including those with Asperger’s Syndrome Pupils with Speech and Language delay or disorder	<ul style="list-style-type: none"> • The school ethos values all pupils, and their diverse abilities are equally celebrated • Whole school policies, revisited annually to ensure inclusion and progress for pupils with SEND. • Staff, where possible, undertake continuing professional development (CPD) as necessary to meet the needs of their pupils. • The school has an effective assessment process on entry to Reception year. This provides a baseline to assess and monitor progress. • New arrivals into other year groups are assessed and any barriers

Cognition and Learning Needs	<p>Moderate Learning Difficulties (MLD)</p> <p>Severe Learning Difficulties (SLD)</p> <p>Specific Difficulties – to include:</p> <ul style="list-style-type: none"> • SpLD • Dyslexia • Dyspraxia • Dyscalculia 	<p>to learning are identified as soon as possible.</p> <ul style="list-style-type: none"> • Support and advice is sought, where necessary, from the various agencies to aid in the identification of barriers and to aid the school response to the need. • The Senior Management Team (SMT) deploy their staff members to ensure the best use of in-house skills and expertise to maximise the support for individual pupils. Pupil progress, independence and value for money are monitored. • The Special Educational Needs Co-ordinator (SENDCo) provides advice and guidance to staff. • Communication with parents is very important and a member of the SEND team is available daily to deal with queries. • Small group targeted intervention programmes are arranged following assessment and according to need in order to accelerate progress. • ICT is used creatively to increase engagement and reduce barriers to learning. • The engagement of parents/carers in the needs based learning process is actively encouraged. • Some pupils, such as those with an EHC Plan, will have an individual educational plan (IEP) which outlines some of the timings, strategies and resources available to support the meeting of additional targets specific to the child. • All school activities are evaluated in terms of their positive impact upon the learning, success and inclusion of pupils with SEND.
Social, Emotional and Mental Health (SEMH)	Behavioural needs, Emotional health and well being, Social needs	<ul style="list-style-type: none"> • The school’s behaviour systems are predominately based on a positive approach. • The behaviour policy identifies the reasonable adjustments necessary to minimise the need for exclusion.

		<ul style="list-style-type: none"> • Risk assessments are effective in ensuring the safety and inclusion of all pupils. • Support is offered and signposted to families in order to minimise the impact of disadvantage to any pupil. • Behaviour management systems support the pupil to make positive behavioural choices. • The school strives to provide positive pastoral support for all pupils. • Pupil voice activities may be used to encourage a greater level of engagement. The school council outcomes, lead to changes in school practise and procedure. • Social moral spiritual and cultural development is part of everyday learning in school.
Sensory and Physical Needs	Hearing Impairment (HI) Visual Impairment (VI) Physical and Medical Needs	<ul style="list-style-type: none"> • Advice and guidance is sought and implemented from the Local Authority (LA) to ensure that barriers to success are reduced or removed. Physical and Sensory Service is involved where appropriate and advice is followed. • ICT is used to increase access to and engagement with the curriculum where appropriate. • Adults are deployed to increase pupil success and independence. • Advice and guidance is sought and implemented to respond to pupils who have significant medical needs eg asthma (see the asthma plan) and Epi Pen training. • Staff will receive training to ensure understanding of the impact of a sensory need upon teaching and learning eg deaf awareness. • The school works towards creating the climate for parents/carers to work in partnership with them to support their children.

		<ul style="list-style-type: none"> • There is wheelchair access to the building and designated parking for disabled drivers. • A portable sound field system is accessed if needed. • Occupational Therapy and Physiotherapy plans are followed.
--	--	---
