

ST. LAURENCE'S C.E. PRIMARY SCHOOL

Sports Premium Overview

The Sports premium funding must be used to fund improvements to the provision of PE and sport, for the benefit of primary-aged pupils so that they develop healthy lifestyles.

Playing sport helps to keep people healthy and is good for communities. Playing sport at school or in a local club is also the first step to competition at the highest level, which helps improve our reputation as a sporting nation, and contributes to economic growth.

But when people leave school they often stop playing sports, which means people can't fulfil their sporting potential, and can lead to a less healthy lifestyle. We want to get more people playing sport safely from a young age, and help them keep playing sport throughout their life, no matter what their economic or social background.

Maintained schools and academies must publish, on their website, information about their use of the PE and Sport Grant allocation.

Schools should publish the amount of grant received; how it has been spent (or will be spent) and what impact the school has seen on pupils' PE and sport participation and attainment as a result, to help to ensure that all pupils develop healthy lifestyles.

Funding for 2017/2018

Funding Type	Number	Rate	Total
Lump sum awarded	1	£16,000	£16,000
Funding per eligible pupil awarded	163	£10	£1,630
	164		£17,630

The CPD sessions are providing St. Laurence's staff with the ability to up-skill without the pressure of failure. They enjoy the time to watch, participate and gradually build up their knowledge to deliver a session on a sport or skill that maybe out of their comfort zone. Staff have the ability to assess as they progress, ensuring that the development of every child is being met. They have also started to see that PE is more than just a physical activity and exercise but that it is a cross curricular subject and has impact across the whole school learning process.

Report writing is now based on each child's ability and development instead of just subject areas covered. Staff are now understanding whether pupils are hitting their developmental milestones and learning how differing teaching styles and methods can engage all pupils in a lesson.

Session Plans, schemes of work and risk assessments are being collated as they move through the process and this is building a bank of resources for all staff to feed into and use effectively over the years to come. The programme will continue to role into the next academic year with teachers choosing different areas and skills to try and gradually over the next few years feel up-skilled and confident in a range of PE.

The impact of the PE coordinator undertaking the level5 primary PE school specialism and PE subject leadership course has had a huge impact on the school. Well structured policies and planning are now in place as well as framework and structure which will continue to show impact in years to come. The highlighted need for assessment of learning and the delivery of an outstanding provision has seen changed to the curriculum map to include all curriculum areas and outcomes to the fullest extent.

St Laurence's seen first hand that knowledgeable and happy staff results in classes of children who are keen to learn and develop and the sustainability of this is in the pupils themselves. Staff at St. Laurence's want to be a part of their pupil's journey that ensures that they are ready to take on secondary school with all the knowledge and skills to lead a healthy lifestyle.

Expenditure

Services provided by Severn Sports	£7,200
Sports Package with High School	£1,200
Swimming Tuition	£4,200
CPD for PE coordinator	£1,100
CPD for PE coordinator	£1,100
CPD Forest School	£1,200
Sports Clubs and ECB coaching	£1,300

Sports equipment	£85

Services provided by Severn Sports

£7,200

Continued Professional Development (CPD). PE curriculum training in house over a series of lessons which includes team teaching and mentoring: in gymnastics, cricket, netball and age appropriate PE for infants.

Objective

Ongoing training for staff by specialist coaches to improve skill set and expertise of staff throughout the school.

Impact

The quality of PE teaching has been monitored by our PE co-ordinator and the progress and engagement of children in a variety of sports has improved. See monitoring reports. The Energize Award has been achieved which recognises excellence in CPD and improved delivery of PE teaching.

Sports Package with High School

£1,200

The Package enable pupils to participate in a number of sporting festivals and tournaments throughout the year. It also provides the opportunity for older children to lead play in school.

Objective

To provide the opportunity to engage and compete in a wide range of sporting experiences. Also for older children to be trained in delivering play activities for others.

Impact

Children have been able to experience a higher level of competition and benefit from the exposure of playing against other teams. The school has been extremely successful in every competition it has entered in all ages and abilities.

Swimming Tuition

£4,200

Tuition and Pool Hire

Objective

To enable all pupils throughout the school to learn how to swim so that the minimum requirements of the national curriculum are met.

Impact

All pupils have the opportunity to swim regularly and as a consequence the high standard of swimming throughout the school: success in the swimming gala; all year 6 pupils meet required standard.

CPD for PE coordinator**£1,100**

Level 5 PE sports specialism

Objective

Analysing the sports provision and leading improvements across two school so that the breadth and range of PE is outstanding.

Impact

Well structured planning and policies are now in place which will continue to show impact for years to come. The highlighted need for assessment for learning and the delivery of outstanding provision has impacted significantly in all areas of the PE curriculum.

CPD for PE coordinator**£1,100**

Level 5 PE sports specialism

Objective

Analysing the sports provision and leading improvements across two school so that the breadth and range of PE is outstanding.

Impact

Well structured planning and policies are now in place which will continue to show impact for years to come. The highlighted need for assessment for learning and the delivery of outstanding provision has impacted significantly in all areas of the PE curriculum.

CPD Forest School**£1,200**

Training of additional Forest schools teacher in year 1.

Objective

The training of an additional teacher in the delivery of Forest School Education for infants to extend our provision to cover a range of year groups.

Impact

The quality and breadth of Forest School Learning has been extended to cover all children from the age of 4 to 6. The quality of the ;learning is enhance by the ability and knowledge of the staff and the opportunity to visit LA site in the Mortimer forest.

Sports Clubs and ECB coaching**£1,300**

Extra curricular clubs lead by an experienced coach

alongside school staff in cricket and football.

Objective

To give the opportunity for children (and staff) to experience first class coaching from specialists.

Impact

The school is proud of the inclusive nature of these clubs with many SEND pupils participating. IN addition the school has now won the regional cricket tournament four times out of the last five years.

Sports equipment Servicing

£270

Objective

To ensure that all the gymnastics equipment is safe and fit for purpose.

Impact

Any faulty equipment is either replaced or repaired. Pupils continue to experience high quality gymnastics training.

Sports equipment

£85

The replacement of sports equipment.

Objective

To replace and improve the quality of equipment to ensure that pupils can access all sports.

Impact

Equipment is fit for purpose: see coordinators audit.
