

# Year 1 Spellings - Spring 1 - APPLES

Dear Parents,

We have sent home ALL the spellings for this half term in case you wish to look ahead and begin learning them with your child. They will only be tested on 8 words each week - please check the date at the top of each set. You may find that your child can easily read some of these words, however spelling them and using them in their writing on a regular basis may be something they are not completely comfortable with yet. A copy of this list is on the school website in our class page section - just in case you lose it!

Thank You

Anna Langford
